

Parent advisory Families Rule!

Talk about family rules- what are your family rules around substances like alcohol, tobacco and other drugs? Create an alcohol and drug use policy that suits **your** family.

- Create a set of rules (a policy) for your family.
- Make sure everyone understands and agrees to the rules about alcohol, drugs, safe travel, etc.
- The rules and the consequences for breaking them apply to **all** family members.
- When something goes wrong, follow your family's rules. Stay Safe.

For a sample policy, contact your local public health office.
