The Ministry of Education is transforming child and family programs to establish **Ontario Early Years Child and Family Centres** (OEYCFCs). This transformation will result in Ministry-funded child and family programs such as the Ontario Early Years Centre (OEYC) becoming part of a cohesive system of services and supports guided by a provincial framework and common identity. OEYCFCs will give families with children birth to six years of age access to high quality early years programs and services at no cost to families.

WE NEED YOUR INPUT!

Please complete our survey to tell us about your family's needs, preferences, challenges and interests with regard to early years' programs and services. Your feedback will be used to inform planning for OEYCFCs in Leeds and Grenville. We want to make sure OEYCFCs meet the needs of families in Leeds and Grenville.

The survey is available online. If you prefer, a paper copy of the survey can be obtained by contacting:
