

Food Insecurity

in Leeds, Grenville & Lanark 2017

Food insecurity means **not having enough money** to buy nutritious food.

When income is too low, people do not have enough money for rent, bills **AND** food.

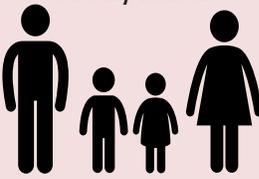

When money is tight....

\$2549* - **\$920** = **\$1629**

Income **Rent** **Left for:**

Family of 4
Ontario Works
Monthly Income

Food
Hydro/Heat
Childcare
Transportation
Clothing
School Supplies
And everything else

\$873.31*
per month

How much does it cost to feed a family of 4?

Food insecurity is an income-based problem, not a food-based problem.

* Includes basic allowance, maximum shelter allowance, Canada child benefit, GST/HST credit, Ontario Trillium benefit
 * Food costs do not include non-food items such as laundry detergent, toilet paper or soap. The basket does not include foods that are purchased for religious or cultural reasons or for special diets that address specific disease conditions.

How much does healthy eating cost?

Each year, the Leeds, Grenville & Lanark District Health Unit conducts the Nutritious Food Basket to calculate the average cost of healthy eating based on age and gender.

Use the following information:

- to raise awareness of the financial constraints or poverty which are the root causes of food insecurity and;
- as a call to action for economic policy changes.

	Scenarios	Total monthly income	Average monthly rent** (% of income needed for rent)	Monthly cost of Nutritious Food Basket (% of income needed for a Nutritious Food Basket)	Funds remaining each month (for hydro/heat, childcare, transportation, clothing, school supplies and everything else)
	Family of Four Ontario Works 2 adults (male and female ages 31-50) 2 children (girl age 8, boy age 14)	\$2,549.00 ^a	3-bedroom \$920.00 (36% of income)	\$873.32 (34% of income)	\$755.68
