

**Leeds, Grenville and Lanark
District Health Unit
MEDIA RELEASE**

April 15, 2016

Health Unit offices closed over the lunch hour starting May 2nd

As of May 2, 2016, the offices of the Leeds, Grenville and Lanark District Health Unit in Smiths Falls and Brockville will be closed to the public between 12 and 1pm daily.

Last year's upgrade to telephone technology along with some implemented ideas from program staff have helped in planning to reduce the impact on the public.

Clients who are in contact with staff can continue to arrange individual meetings at their mutual convenience. Public health information also continues to be available by calling the Health ACTION Line at 1-800-660-5853 from 8:30am–noon and 1-4:30pm. Public health emergencies can be reported at any time by calling 613-345-5685 or 1-800-660-5853.

Sexual health and immunization clinics will not change their hours. These hours can be found at www.healthunit.org/clinics.

Clients, partners and suppliers are asked for your patience as we make this transition. Information about programs and services can always be found at www.healthunit.org or by calling 1-800-660-5853. You can also connect with us on Facebook and Twitter @LGLHealthUnit to get important public health updates.
